The detailed information regarding the rules of processing of personal data by the Seller as required by Article 13 of Regulation (EU) 2016/679 of the European Parliament and of the Council

of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation – “GDPR”) of 25 May 2018 is available at: <http://www.mago.com/RODO/>.

3. Order and Terms and Conditions of Cooperation

- 3.1. As a condition for an Order to be placed effectively under the Agreement, it must be placed by the Buyer (in the form of an e-mail or on the d.mago platform) and confirmed in writing by the Seller (in the form of an e-mail or on the d.mago platform). A written order confirmation means that the Seller has received the Order and accepted it for fulfilment. The placing of an order by the Buyer, without its confirmation by the Seller, in the manner specified above, shall not be binding on the Seller and the lack of its response shall not constitute tacit acceptance of the Order.
- 3.2. Where the confirmation of acceptance of the Order by the Seller differs from the content of the Order placed by the Buyer, the Agreement shall be concluded on the terms proposed by the Seller if the Buyer does not file a clear objection in writing within 2 business days of receipt of such confirmation at the latest.
- 3.3. The Buyer's Order should include the following details: the Buyer's name with an indication of the exact address, the company's registered office, the address for correspondence and delivery, the NIP number, the indication of the Offer number (if the Order concerns a previously presented Offer), the designation of the Goods with a commercial name or an alphanumeric symbol from the Offer, the quantity of the Goods ordered, the time of completion and delivery of the order, the date and place and the terms of delivery/receipt of the goods.
- 3.4. If the order concerns a previously submitted Offer, it is necessary to include the number of that Offer on the order. If the offer number is not provided, the Seller shall not be liable for any price inconsistencies on the VAT invoice, lack of availability of the Goods or inconsistencies in the specific parameters of the goods specified in the original Offer.
- 3.5. All valuations made by the Seller as part of a commercial offer shall always be non-binding and shall remain valid for 14 (in words: fourteen) days, unless otherwise specified in the valuation document.
- 3.6. Upon confirmation of the Order, the responsibility for cancelling or changing the Order shall pass to the Buyer.
- 3.7. The Order may be cancelled or modified by the Buyer after its confirmation by the Seller only in exceptional circumstances, after the prior written determination of the terms of cancellation or modification of the Order with the Seller. The Seller reserves the right to charge the Buyer with the actual costs which arose until the Order is cancelled or modified, however not higher than the value of the Order.
- 3.8. The detailed costs of the design works related to the Order shall be defined in the Design Services Price List, attached as an appendix to these GTCS.
- 3.9. In case of doubt, it is agreed that the information posted on the Seller's website or included in catalogues, brochures, leaflets, advertisements and other publications does not constitute an offer within the meaning of the provisions of the CC, even if it bears a price. Publications concerning products offered by the Seller are for information purposes only, while the Seller's models and samples are for illustrative and exhibition purposes.

4. Delivery and Assembly/Installation Dates and Terms

- 4.1. Where it follows from what the parties have agreed that the Buyer is to collect the Goods on its own, the Goods shall be handed over on the basis of the Order placed and confirmed in accordance with the trade terms agreed by the Parties above.
- 4.2. The Goods shall be delivered on the terms set out in Incoterms 2020.
- 4.3. If it follows from what the parties have agreed that the Seller is obliged to deliver the Goods to the place indicated by the Buyer in the Order, the delivery shall be made on the terms set out in these GTCS. Transport does not include the unloading of the Goods. Unloading costs shall be borne by the Buyer.
- 4.4. The Buyer is obliged to receive the ordered Goods and the Seller to deliver them, if the delivery is the subject of the Agreement/Order, on the mutually agreed date (hereinafter: the **Date of Receipt**). The protocol of receipt of the Order shall be drawn up in writing under pain of nullity and signed by representatives of both Parties (hereinafter: the **Protocol of Receipt**).
- 4.5. If the place of delivery of the Goods is a place other than the Buyer's address, the Buyer shall indicate the person authorized to receive the Goods, stating their full name in the Order. If the Buyer fails to comply with this obligation and if the document confirming the delivery of the Goods is signed by the receiving person, the Buyer cannot raise a claim against the Seller that the Goods were not delivered or were received by a person who was not authorized to do so.
- 4.6. The receipt of the ordered goods shall be confirmed by the Buyer or the persons authorized by the Buyer by affixing a legible signature to the delivery document.
- 4.7. The Buyer may not refuse to unload the ordered Goods that have been delivered by the Seller or refuse to affix a signature confirming the receipt of the ordered Goods, even if it raises reservations as to the ordered Goods or the method of their delivery.
- 4.8. In the event of a delay in the receipt of the ordered Goods for which the Seller is not responsible, the Seller shall have the right to store the goods ordered by the Buyer in its own premises or in the premises of third parties, at the Buyer's expense and risk. The indicated costs shall be determined on the basis of the current Seller's Logistics Service Price List attached as an appendix to these GTCS. In such case, the Seller shall be deemed to have fulfilled its obligations under the Agreement or the Order.
- 4.9. In the event that the delivery is not the subject matter of the Agreement or Order and the Goods are collected by the Buyer directly from the Seller's warehouse, the Buyer shall lose the rights it has on account of an incomplete quantity of Goods if the Buyer has received them without reservations.
- 4.10. The Seller shall have the right to refuse and not to accept the return of the Goods from the Buyer if such return has not been previously agreed and confirmed by the Seller. This applies in particular to cases where the delivery conforms to the Buyer's Order.
- 4.11. Upon the handover of the Goods to the Buyer, the risk of accidental loss of or damage to the Goods shall pass to the Buyer.
- 4.12. In particularly justified cases, the date and place of delivery of the Goods may change. Such changes must be notified to the party (through persons authorized to place an Order) by e-mail. In such case, the Buyer shall be obliged to pay the logistics costs in accordance with the current Seller's Logistics Services Price List attached as an appendix to these GTCS.
- 4.13. In the event of a change of the place of delivery by the Buyer after loading, if the change is possible,

the Buyer shall be obliged to cover all costs resulting from the change of the place of delivery (including in particular compensation for the extended booking of a given means of transport).

- 4.14. The Buyer is obliged to check the delivered Goods at the time of their receipt. In the event of the Buyer's reservations about the ordered Goods, in particular in the event of identified damage, or deliveries being incomplete or in excess of the orders placed, the Buyer should immediately notify the Seller and provide a copy of the waybill and the complaint report without undue delay.
- 4.15. If the Buyer has accepted the Goods without checking the condition and quantity of the Goods with the carrier, or has not submitted reservations to the carrier indicating the type of deficiencies or damage, it shall be assumed that the Goods have been delivered in the condition specified in the waybill.
- 4.16. In the event that the date of handover/delivery of the Goods is delayed for reasons attributable to the Seller, the parties shall agree an additional delivery date and the Buyer may assert its statutory rights in this respect only if the agreed additional handover/delivery date for the Goods is not met.
- 4.17. The date of handover/delivery of the Goods to the Buyer shall be postponed by the duration of obstacles arising from circumstances beyond the control of both Parties to the Agreement.

5. Assembly/Installation and Inspection

- 5.1. Where the subject matter of the Agreement is the sale of goods with assembly/installation, the Buyer undertakes to take all actions adopted in trading practice to enable or make it easier for the Seller to deliver and assemble/install the Goods, in particular to: (i) provide the Seller with access to the premises where the Goods will be assembled/installed and (ii) provide the Seller, free of charge, with power supply necessary to assemble/install the Goods, (iii) provide access to a goods lift, if necessary, and (iv) provide forklift-type unloading equipment.
- 5.2. The Buyer shall, if necessary, provide the Seller with access to the place of assembly/installation of the Goods by a tractor together with a semi-trailer or another similar transport vehicle.
- 5.3. On the delivery date at the latest, the Buyer shall indicate the place where the Seller may store the Goods during the assembly/installation period (hereinafter: the **Warehouse**). From the moment the Goods are left in the Warehouse, the risk of their loss, theft or destruction shall be borne by the Buyer.
- 5.4. Prior to the Seller's commencement of the assembly/installation of the Goods, the Buyer shall precisely designate to the Seller the room and place where the Goods ordered are to be assembled/installed.
- 5.5. The Buyer warrants that the base surface on which Equipment Items are to be assembled/installed shall be made of materials guaranteeing the transfer of loads envisaged on the racks constituting the items of the ordered Goods.
- 5.6. Following the assembly/installation of the ordered Goods, the Seller shall notify the Buyer thereof, indicating the planned date of formal acceptance of the Assembly/Installation works (hereinafter: the **Assembly/Installation Works Acceptance Date**). The protocol of acceptance of the assembled/installed Goods shall be drawn up in writing under pain of nullity and signed by representatives of both Parties (hereinafter referred to as: the **Protocol of Acceptance of Assembly/Installation Works**).
- 5.7. The commencement of operation of the assembled/installed Goods by the Buyer without prior formal acceptance, i.e. without the Protocol of Acceptance of Assembly/Installation Works being

signed, shall be tantamount to the receipt of the Goods and the Assembly/Installation works by the Buyer without any reservations and shall result in the expiry of the Buyer's claims, if any, under the guarantee that arose until the commencement of operation.

- 5.8. In the event of the Buyer's failure to proceed, on the Assembly/Installation Works Acceptance Date, to the formal acceptance of the Assembly/Installation works, the Seller shall have the right to draw up a unilateral Protocol of Acceptance of Assembly/Installation Works which shall be tantamount to [the issuing of] the Protocol of Acceptance of Assembly/Installation Works by the Seller without any reservations and shall lead to the expiry of claims, if any, under the guarantee for defects of the Goods that arose up to the Assembly/Installation Works Acceptance Date.

6. Price List and Terms of Payment

- 6.1. The value of the Order shall be stated in net prices (excluding VAT) and shall be determined each time on the basis of the Price List.
- 6.2. The Seller shall be entitled to revise the Price List subject to a 30-day (thirty-day) transitional period. The Seller shall have the right to revise the Price List at any time.
- 6.3. Within 3 (three) days from the date of confirmation by the Seller of the acceptance of the Order, the Seller shall issue a pro forma document with an amount constituting the gross value of the Order (hereinafter referred to as: the **Advance**).
- 6.4. The Buyer shall pay the Advance on time and into the Seller's account indicated in the pro forma document referred to above.
- 6.5. Upon the payment of the Advance, the Seller shall issue the relevant VAT invoice for it and deliver it to the Buyer.
- 6.6. On the Date of Receipt or the Assembly/Installation Works Acceptance Date, the Seller shall be entitled to issue a VAT invoice for the amount of the Order less the Advance and deliver it electronically to the e-mail address indicated by the Buyer in a separate agreement (hereinafter referred to as: the **Consent to Receive Invoices in Electronic Form**).
- 6.7. The Buyer shall be obliged to pay the VAT invoice referred to above on time and into the Seller's bank account indicated in the aforementioned VAT invoice.
- 6.8. The date of payment of the amounts due to the Seller shall be deemed by the Parties to be the date on which the amount is credited to the bank account held by the Seller.
- 6.9. Unless the parties agree otherwise, other amounts due in connection with the delivery of the Goods, including, as the case may be, transport or insurance costs, shall be payable at the same time as payment is to be made for the Goods.
- 6.10. In the event that the Buyer is in any delay with making any of the payments for the ordered Goods or Service, the Seller may refrain from performing further orders and from handing over the ordered Goods to the Buyer.
- 6.11. The payment by the Buyer of any amounts due to the Seller by way of set-off and the assignment, by the Buyer, of any claims for receivables it has against the Seller shall require the prior written consent of the Seller to be effective.
- 6.12. In the event that the Buyer is in any delay with making any of the payments for the ordered Goods or Service, the Seller shall charge statutory interest, unless the parties have agreed otherwise.
